15.	Then I heard about the accident—it was really XXXX a. shocked b. shocking c. Shock	
	SECTION C: READING (10 MARKS)	
	Read the following comprehension and answer the given questions:	1x5=5
	The honeybee is a remarkable creature known for its essential role in pollinating plants and producing honey. Honeybees live in colonies, with each colony consisting of thousands of individual bees. These colonies are highly organized and have a well-defined social structure. Worker bees are the largest group in the colony and are responsible for various tasks, such as foraging for nectar and pollen, tending to the queen bee, and maintaining the hive. They are also the bees that make honey. Worker bees have a short lifespan, typically only a few weeks, as their hard work takes a toll on their bodies. The queen bee is the largest bee in the colony and plays a crucial role in reproduction. She is the mother of all the bees in the colony and can lay up to 2,000 eggs in a single day. The queen's primary duty is to ensure the survival and	
	 2,000 eggs in a single day. The queen's primary duty is to ensure the survival and growth of the colony. Male bees, known as drones, have one main purpose – to mate with a virgin queen bee. They do not perform any other tasks within the colony and are expelled during the winter when resources are scarce. Honeybees are vital to agriculture and food production because they pollinate a wide variety of crops, including fruits, vegetables, and nuts. Without honeybees, our food supply would be severely impacted. 	
0.	What is the primary role of worker bees in a honeybee colony? a) Reproduction b) Maintaining the hive c) Mating with the queen d) Foraging for nectar	
16.	How long is the typical lifespan of a worker bee? a) Several months b) A few years c) A few weeks d) One day	
	What is the primary role of the queen bee in a honeybee colony?	

21. What does 'sea of foliage' mean? a. Greenery b. barrenness. c. a sea of leaves 22. What is the colour of the tamarind leaves (Poem- A Sea of Foliage)? a. Light-green 23. Who is the Author of this poem-A Sea of Foliage? a. Toru Dutt 24. When does the speaker in the poem like to watch the bamboo in her garden? 24. When does the speaker in the poem like to watch the bamboo in her garden? a. During the moonlight b. During the day c. During the night 25.
