

DATE- 30/ 3/2022	Exam - CPE-4 Annual 2021-22	Max marks- 25
GRADE- 3 AB	Subject - ENGLISH	Time - 2Hrs.

General Instructions:

1. This paper is divided into three sections: A, B and C. All questions are compulsory.
2. Separate instructions are given with each section and question, wherever necessary.
Read these instructions very carefully and follow them.
3. Do not exceed the prescribed word limit while answering the questions.

Q.1	Section A: Reading	5 Marks
1	<p>On the basis of reading the above passage, complete the following questions by choosing the correct option:</p> <p>Recycling is an important way of caring for our planet. Human beings use many new products every year and create a lot of garbage. By recycling the things, we don't want, we can reduce the need to make new things. Metals, glass and paper can be easily recycled.</p> <p>Apart from recycling, there are other things that we must do to save our natural resources. We should reduce the amount of plastic, paper, electricity and water that we use. Keep plastic bags carefully</p>	<p>1X3=3</p> <p>Marks</p>

	<p>and reuse them instead of buying new ones. Write on both sides of a paper and do not print things unless necessary. We should remember to switch off fans, lights and electrical appliances when they are not being used. Bathe using a bucket instead of a shower and avoid letting tap water go waste. It is a good idea to reinvent things from old material. This could be fun too! Old metal containers can be turned into food boxes, old glass bottles can be made into table lamps.</p>	
<p>a)</p>	<p><u>Fill in the blanks</u> to complete the sentence.</p> <p>..... is an important way of caring for our planet.</p> <p>Ans:</p> <p>.....</p> <p>.....</p> <p>(i) rebuying (ii) reducing (iii) recycling (iv) refreshing</p>	<p>1</p>
