

Worksheet

Grade 4 - Mathematics

Chapter 6 - Geometry

1) Draw line segments with the following lengths.

- a) 15 cm
- b) 12 cm
- c) 6 cm
- d) 4 cm

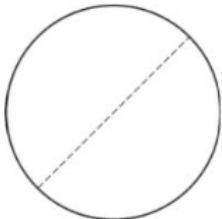

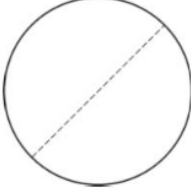

2) Draw and colour the shapes given.

A triangle	A rectangle	A circle

3) Find the diameters of the circles with the following radius.

- a) 3 m
- b) 8 cm
- c) 7 cm
- d) 10 m

4) Measure the diameter (dotted lines) of the circle. Find the radius by calculation.

a) 	b)
