

WORKSHEET

Grade 3- SOCIAL STUDIES

Chapter 2 -SAVING THE ENVIRONMENT

I. TRUE OR FALSE

1. Humans depend on both living and non-living things for survival.
2. When we add harmful substances to the environment, we make it safe.
3. When trees are cut in large numbers, the carbon dioxide level in the air decreases.
4. The use of fertilisers by farmers pollutes the land.
5. Fish and other water animals choke on plastic waste and sewage.
6. To protect our environment we must use paper napkins and tissues.

II. Match the Following

Column A	Column B
1. Air pollution	A. Destruction of Earth's surface by human activity
2. Land pollution	B. Contamination of water bodies by waste
3. Water pollution	C. Harmful substances added to the air by vehicles
4. Pollution	D. Process by which resources become unclean
5. Environment	E. Natural world inhabited by living beings

III. Choose the Correct Answer.

- 1. Air pollution is caused by:**
 - a. Trees**
 - b. Vehicles**
 - c. Rivers**
 - d. Rocks**

- 2. The three Rs in environmental conservation are:**
 - a. Remove, Reduce, Reuse**
 - b. Reuse, Recycle, Refuse**
 - c. Reduce, Recycle, Reuse**
 - d. Renew, Reuse, Reduce**

- 3. What is the importance of conserving water?**
 - a. Water is an abundant resource**
 - b. Water is essential for survival**
 - c. Water is not needed for plants**
 - d. Water cannot be polluted**

- 4. What can individuals do to reduce plastic pollution**
 - a. Use plastic bags regularly**
 - b. Recycle plastic bottles**
 - c. Burn plastic waste**
 - d. Dump plastic in water bodies**

IV. Name the Following:

- 1. The process by which air becomes contaminated with harmful substances.**

- 2. Natural resource destroyed by deforestation:**

- 3. The three Rs in environmental conservation:**

- 4. Contamination of water bodies by waste materials.**
