**[1] Create an HTML Basic Web page using basic tags and formatting tags. Write a paragraph with proper headings and subheadings and relevant text with some images.**

Type the following paragraph and apply the formatting as displayed in the paragraph:

### ***Computer***

As we know that computer has changed our life. Nowadays computers are essential in every field, before **globalization** we were not aware of the importance of computers. But the *Internet* is playing a major role because by using it we are very close to each other and communicate anywhere.

Nowadays internet is like O<sub>2</sub> for people. They cannot imagine their life without the internet. Actually, it helps users to acquire new skills with a<sup>2</sup> speed.

1. Computer fundamentals
2. Software
3. ~~Internet~~
4. Hardware

Apply the following formatting:

1. The title of the document should be 14 points in Arial form with bold and italic styles.
2. Use the 10 points Times New Roman font for the rest of the text except numbered text.
3. "globalization" is shown in bold letters.
4. "Internet" word is shown in italics letters.
5. "communication" word should be underlined.
6. O<sub>2</sub> should be shown as it is given.
7. Save the document as practical1.html
8. The "Internet" word in the list should have the effect which is shown in the text.
9. All numbered text must be numbered using list tags.
