1. Decorate web pages using graphical elements.
2. Create a website using several webpages. Students may use any open source or proprietary tool.

[3] Create the table given below:

Day	Seminar		
	Schedule		Topic
	Begin	End	
Monday	8:00 a.m.	5:00 p.m.	Introduction to XML
			Validity: DTD and Relax NG
Tuesday	8:00 a.m.	11:00 a.m.	XPath
	11:00 a.m.	2:00 p.m.	
	2:00 p.m.	5:00 p.m.	XSL Transformations
Wednesday	8:00 a.m.	12:00 p.m.	XSL Formatting Objects

[5] Links in HTML:

[6] Make mystyle.css file having following type of specification and link this file in html file:

1. Body : background ivory
2. Paragraph : 12point, arial, brown font
3. Heading : 14-24point, arial, red font
4. Horizontal Rule : color=green / background image
5. Table : backgroundcolor=pink; border=2; text-align=right; color=brown;

[7] Create frames as per given the following structure. Ensure that the picture should open in the right side frame after clicking accordingly on the anchor text Show Pics.

Fun Facts About Cricket

You've probably heard some of the jokes about how cricket matches last a long time. Even if you've watched a cricket game unfold over a couple of days, though, you haven't come anywhere near close to watching the longest match ever recorded. That honour goes to the England-South Africa Test match in 1939, which lasted an astonishing 12 days and still concluded without a clear winner.

Show Pics

You'd think that achieving a score of 111 runs would be something to celebrate, wouldn't you? However, many cricket players – especially those who are particularly superstitious – regard this score as bad luck. 111 resembles the wickets and stumps in cricket, so many view this score as a bad omen of things to come. Obviously, this has never been substantiated, because there really is no such thing as a "bad omen". Still, it's pretty spooky, no?
